Hasil Pembuatan Aplikasi Penambahan Barang

1. Tampilan Awal

The screenshot shows the 'BetaMart' application window. It features a form with three input fields: 'Nama Barang', 'Jumlah Barang', and 'Harga Barang'. Below these is a search bar labeled 'Cari'. A table with four columns (ID, NamaBarang, JumlahBarang, HargaBarang) is displayed, currently empty. At the bottom right, there are four buttons: 'Baru', 'Edit', 'Hapus', and 'Simpan'.

2. Proses Penambahan Data

The screenshot shows the 'BetaMart' application window with the form filled out. The 'Nama Barang' field contains 'Meja', 'Jumlah Barang' contains '20', and 'Harga Barang' contains '300.000'. The search bar is empty. The table now has one row with the ID '1' highlighted in blue. The buttons 'Baru', 'Edit', 'Hapus', and 'Simpan' are still visible at the bottom right.
